Temperature

You freeze at -20*C
When you're freezing, you will rapidly lose half a heart at a time.

Different types of armour will increase your temperature by varying amounts.
- Full Leather armor warms you by 10*C
- Full Iron armour warms you by 4*C
- Full Gold armour warms you by 4*C
- Full Diamond armour warms you by 4*C
- Full Netherite armour warms you by 5*C

Standing on Skulk veins reduces your temperature by 5*C
Standing on Skulk blocks reduces your temperature by 7*C
Soul fire reduces your temperature by 6*C

Magma Blocks increase temperature by 6*C
Torches increase temperature by 12*C
Campfires increase temperature by 22*C
Shroomlights increase temperature by 25*C
Glowstone increase temperature by 25*C
Fire increases temperature by around 34*C
Frog Lights increase temperature by 35*C
Lava increases temperature by 94*C
